  - d. Mare owners should expect to receive one dose of high concentration low volume semen. Deep horn insemination will be required.
  - e. 7. Live Foal Guarantee: Stallion Owner guarantees that a single live foal will result from the breeding privileges granted herein. The term "live foal" means that one foal resulting from the breeding stands alone, nurses, and lives for twenty-four (24) hours. It is understood that if the Mare proves barren, aborts her foal, or if the foal is stillborn, a return breeding will be guaranteed the following year only, providing proper notification is given as defined below:
  - a. Written certificate by a licensed veterinarian within 48 hours that the Mare absorbed, aborted, or produced a non-viable foal.
  - b. Mare Owner verifies in writing that such abortion or death did not result from any act or omission on the part of the Mare Owner.
8. Multiple Foals: It is agreed to by the Stallion Owner and the Mare Owner that only one foal will be registered for each breeding that is secured with this contract and that the semen received will only be utilized on the Mare named above. It is the intent of the Stallion Owner that only one mare per Contract be inseminated with transported semen. When utilizing Embryo Recovery and Transfer, should more than one embryo result from a breeding, Mare Owner agrees to pay an additional Stallion Fee (\$2,000) upon confirmation of a 45 day pregnancy in order to receive a breeding certificate for additional foals.
9. Oocyte Aspiration & Intercytoplasmic Sperm Injection (ICSI): It is agreed to by the Stallion Owner and Mare Owner that if multiple embryos are produced during the ICSI process, that the mare owner will be responsible for an additional Stallion Fee (\$2,000) upon confirmation of a 45 day pregnancy. All frozen embryos must be used during the breeding season following the initial contract. If the conception does not produce a live foal after the mare owner pays the additional stallion fee, the mare will be considered a rebreed for the following breeding season.

10. **Rebreeds:** If the mare does not produce a live foal the first breeding season, the mare owner is entitled to a rebreed the following year. Fees will apply as detailed in section 2. If the mare owner fails to return the mare for breeding season following the initial contract, then the right to rebreed is cancelled and the stallion owner is released from further obligation.
11. **Substitutions:** If the Stallion dies, is sold or becomes unfit for service during the breeding season, and the Mare is not in foal, this agreement shall become null and void. The Breeding Fee (less the Booking Fee), if paid in full, will be refunded to the Mare owner only if the Stallion dies AND the Mare proves barren or does not produce a live foal. For no other reason than the Stallion dying will money be refunded. If the Mare dies or becomes unfit for service, another mare may be substituted only upon agreement modification by both the mare owner and Piedmont Equine Associates.
12. **Litigation:** Any litigation that may result from this Contract must take place in Morgan County, Georgia. Mare Owner irrevocably and unconditionally submits to the personal and subject matter jurisdiction of the State of Georgia. All objections to venue are waived.
